foyer which separated the room the rest of nis quarters, and accompanied his quarters, and accompanied his quarter past six and he hurried a quarter past six and he hurried place to expect it," growled in spector Flaherty. "Most murders are unpremeditated. They happen as the result of a sudden impulse combined with opportunity. That's what makes it hard to convict a murderer. If he has set his stage for the job he's bound to leave clues we can pick up, and once we prove who start their quota of ice cubes, and a couple of bottles.

"Too bad. Couldn't come, eh." he said. "Well, here's something to the provention, It's he with you again right."

It comes from the rax collector's total. Local government gets the next biggest share, \$4,500,000.

The states take least, \$2,500,000.

The money goes to 175,000 different the cast-off clothing other girls had only the cast-off clothing other girls had given her. Today she is one of the best-dressed women in Horied tor's total. Local government gets the next biggest

with it was as good poker as I've sit in," said Henderson. "Six are pictures. I'm supposed to shoot a ment; it pays your firemen, it in-

weil, that's fier real finding, but in words as minor sources of revenue. Last year they got about \$250,000,000.

If you escape the income tax, you are almost certain to be hit by the payroll levies inaugurated to pay for old-age pensions and unemployment insurance. They haven't brought in much money yet, but federal budget estimates say they will produce \$300,000,000 in 1937, 6 percent of the federal government's aggregate revenue.

The gasoline tax is, in point of revenue, the largest tax in the country levied on a single article. It gives \$200,000,000 to the federal government, and between \$600,000,000 and \$700,000,000, to states and local in \$100.000,000,000,000, to states and local in the boys. But the greatest thrill of all was acting. She and her playmates took some old empharmand made plans for helping farmers of the State solve some of their mandout a dime. She knows what it is to be stranded in a strange town without beauty—and is known as Joan Crawford.

Joan Crawford is the tops now. But she knows what it is to be stranded in a strange town without beauty—and is now one of the most beautiful women on the screen.

Alabama bankers met in Auburn on Wednesday, August 18, and made plans for helping farmers of the State solve some of the material women on the screen.

The county will have cotton until the matter is settled. The county will have cotton until the matter is settled. The county will have cotton until the matter is settled. The county will have cott keep prices up.
"I estimate," the commissioner said, "that the agreement reached will benefit cotton farmers \$300,outline benefit cotton farmers O00,000 on the 1937 crop alone."

Price adjustment payments will be based on difference between 12 cents and the average price on 10 major spot markets, Goode said.

While amount of loan per pound has not been definitely determined, Goode said, he anticipated it would be "nine or ten cents."

The commissioner claimed credit
